Funding provided to fulfill Legacy's vision to ensure that dependants of deceased and incapacitated veterans will receive personal Legacy contact and support tailored to meet their individual needs including welfare, financial and social support.

Word count:

Must be no more than 200 words.

Provide a short description of your project - what are you out to do, what is its purpose?

Provide a brief description of the proposed outcomes of the grant

To ensure a high level of support and social connection for the families of veterans through financial support for education, equipment costs for home repairs, critical equipment and energy costs, welfare, counselling, and wellbeing programs.

Must be no more than 200 words.

Describe the things you want the project to achieve in terms of benefits for participants and/or others

Justification for Funding: How will the government funding support your program, and what specific outcomes will it help you achieve that are not possible with your current resources?

This funding will address gaps that have formed due to the increased cost of living, a decrease in donations from the general community, an upturn in beneficiaries taking up services and support and an ongoing need to continue to honour service and sacrifice in the current landscape.

Value Proposition: What is the value proposition for the state government in supporting your program? How will this funding contribute to capacity growth within the workforce or other strategic priorities?

Ensuring that vulnerable Families of Veterans in South Australian have the opportunity to thrive.

Alignment with State Government Goals associated with social cohesion and support to those who served.

Contribution to reducing long-term Health and Social Isolation costs.

Demonstrated commitment to the families of those who served through commemoration.

Greater awareness and education to the community on Legacy and support it can provide.

Impact and Benefits: Describe the anticipated impact and benefits of your program for the community or target population. How will you measure success?

Cost of living: accommodation support - providing housing stability; crisis accommodation - reducing potential homelessness.

Transport support: reducing isolation through increased collaboration and connection between Widows/ers.

Youth Program: improved interaction of children with other impacted children; subsidised school fees, uniforms, extracurricular activity costs; enhanced emotional wellbeing through Mental Health support.

Greater promotion of challenges faced by the families of Veterans: conduct and support commemorative activities.

These things will be measured broadly through: number of participants on programs; successfully conducting/supporting commemoration events; engaging more volunteers in activities; reporting on the associated costs.

Sustainability and Future Plans: How do you plan to sustain the program after the grant funding ends? What are your long-term plans for maintaining and expanding the program?

Beyond the existing ongoing annual funding provided through the South Australian Government:

Legacy is currently establishing other sponsorship/strategic partnerships and fundraising programs to sustain our current service provision; as contemporary families emerge and seek assistance the composition of support provided by Legacy continues to be more and more complex needing a collaborative referral program; Legacy will continue to play an important role in ensuring that those vulnerable families get the timely services and support they need to meet the increasing financial, emotional, physical and social issues they

face. This requires a new generation of volunteers and support staff that can assist families to navigate their needs.

Reports and Meetings

The grant recipient must submit the Acquittal Form via the SmartyGrants system within 60 days after the end of the funded financial year.

This form should detail achievements, progress, and expenses, along with supporting documentation to demonstrate project outcomes
